Description

Coronado Speech-Language Pathology

WHY CHOOSE US?

We are SLP-owned and based in the heart of Phoenix. At Coronado Speech-Language Pathology, we offer reliable, experienced and compassionate services to school districts. We value our Speech-Language Pathologists, their hard work, and professional skills.

As Speech-Language Pathologists in Phoenix, we work hard, we are highly-trained, and we love what we do. Unfortunately our pay doesn't always reflect that.

Coronado Speech-Language Pathology offers SLPs in the Phoenix area a solution: the opportunity to work in a job you love, while receiving the pay that matches your educational level, your expertise, and your hard work.

WHAT WE OFFER.

We offer an increased salary to our Speech-Language Pathologists, so that you can love your job while living a balanced life. Contract positions are typically 180 work days within a 9-month work schedule, with holidays and summers free. Coronado Speech-Language Pathology provides high-quality, cost-conscious contract SLP services to school districts in the Phoenix area while offering SLP's the opportunity to do a job they love with increased compensation.

We can provide as much (or as little) mentoring support that you may need. We are there to provide a listening ear, or give suggestions and advice about your caseload.

Coronado Speech-Language Pathology is SLP-owned. Let's talk today about how we can work together for a quality work/life balance.
